PROJECT MANAGEMENT

We have over 10 years experience in architecture and construction, and as a value-added service to all our clients we assist by seeing all our projects through to completion, giving you peace of mind, knowing that we are with you every step of the way.

INTERIOR & EXTERIOR DESIGN

To complete the project and ensure everything comes together, we assist with interior design and landscaping. The success of a project is not only determined by how it starts but rather by how it is all brought together and managed.

CONSULTING

All of our listed services are not only available to our clients but to any other company seeking assistance with projects as well. We will help you share the workload. We believe in paying it forward and believe that by helping others we make a difference.

ARCHITECT SERVICES

We offer a range of services from the home owner who is making alterations to their home; to the large corporates building new premises for their business. We also offer additional services. To enquire about these, please get in touch with us via one of our communication channels listed on our contact page.

3D RENDERS/ PRESENTATIONS /ANIMATIONS

View your building, concept or design in a realistic 3D visual to ensure all your needs are catered for before we proceed.

AS-BUILT DRAWINGS

Did you know that you will need to update your plans if you have made any internal or external changes?

ADDITIONS & ALTERATIONS

If you are planning on building a pool, extending your existing building or do a complete remodel, your plans need to be approved.

NEW DESIGNS & DEVELOPMENTS

A new build gives you the opportunity to build your dream home. We will work within your budget to make this a reality.

ENERGY EFFICIENCY & COMPLIANCES

There are Energy Efficiency requirements that the municipality may require in order to issue a certificate of occupancy.

SUBMISSIONS & APPROVALS

All building work requires a municipal-approved plan before you can proceed with construction.

INTERIOR DESIGN

We are passionate about aesthetically pleasing Interior design.

We believe that a house becomes a home when it's designed to reflect your personality and works with your lifestyle.

Our talented designer brings 10 years of experience to the table, couch, coffee table or whichever furniture piece we're sitting near. From discovering your personal style to knocking down that wall that's been preventing the open concept living area you've been lusting after, we'll make sure that your space is beautiful and functional.

"HD Projects has been absolutely amazing. Their work is of such great quality. Their drawings are amazing. They did an excellent job of drawing the plans for our venue. Well done, HD Projects. We highly recommend you."

- Rose

"The most amazing service ever!! HD PROJECTS really went above and beyond. I could not be happier. My journey with the municipality has not been easy but that was the least of my worries. HD Projects has dealt with them from day one and has been so consistent. They have designed my home so beautifully it's actually a show stopper. When all the cars drive past, I actually have people stop to ask who did my plans. Thank you so much HD PROJECTS! Your work and service is definitely 10/10"

- Sian

"HD Projects is amazing. They drew up and submitted my building plans to council very fast and without any issues. They came to site and measured beforehand and even came to site during the building process to make sure everything is to their architects' and engineers' specification. I will definitely be using them in the future for all my architectural and engineering needs."

- Zane

"Great work quality and dedication for the team."
